Please book using the link in [our website](#) for best rates.*

ABOUT IMMS

The International Marine Minerals Society advances understanding and progress of marine minerals exploration worldwide. IMMS encourages the prudent development of marine mineral resources, including concern for the environment and boosts research in all aspects of marine minerals exploration development. IMMS is the organizer of the Underwater Minerals Conference.

ABOUT UMC 2025

The 53rd Underwater Minerals Conference will be hosted by the University of South Florida and will be held in-person at the Sirata Beach Resort in the sunny city of St. Pete Beach, in Florida, USA. UMC offers five days of timely, exciting and diverse information on underwater mineral exploration, environmental research, technology, policy and regulations. The conference brings together leaders in government, academia and industry from over 25 countries. The UMC 2025 focus is:

**Filling the Knowledge Gaps:
The Science and Technology of Seabed Minerals**
